## EC CERTIFICATE OF FACTORY PRODUCTION CONTROL

number

**1176-CPD-00S/275**

In compliance with Council Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (the Construction Products Directive or CPD), as later amended, it has been stated that the construction product

### **STRUCTURAL CONCRETE PRODUCTS**

**Precast concrete products - Floor slats for livestock and Retaining wall elements**

produced in the factory and placed on the market by

**VAN HESSCHE B.V.B.A.  
Industrielaan 5  
8740 PITTEM**

is submitted by the manufacturer to the initial type testing of the product, a factory production control and to the further testing of samples taken at the factory in accordance with a prescribed test plan and that the notified body PROBETON (identification number 1176) has performed the initial inspection of the factory and of the factory production control and performs the continuous surveillance, assessment and approval of the factory production control. The factory production control does not include procedures related to the design of the products.

This certificate attests that all provisions concerning the attestation of factory production control described in Annex ZA of the standards

### **EN 12737 and EN 15258**

(including valid amendments and/or corrigenda) were applied.

The product families that apply for this certificate and the method(s) of declaration of the harmonised properties stated by the manufacturer as being applied are mentioned on the other side.

A certificate with the above identification number was first issued on **2010.01.01**. This certificate was issued on **2011.06.10 (extension)** and remains valid as long as it is not withdrawn by PROBETON or as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly or on **2013.01.01** at the latest. The up-to-date list of valid EC Factory production control certificates for concrete products is to be found on the website [www.probeton.be](http://www.probeton.be).

Brussels, **2011.06.10**

For PROBETON,

J. Horckmans, Manager

Product family	Annex ZA applying for the standard	Method
Reinforced concrete Floor slats for livestock	EN 12737	1
Reinforced concrete Retaining wall elements	EN 15258	1

EC CERTIFICATE OF FACTORY PRODUCTION CONTROL

1178-09D-0081278

in compliance with Council Directive 89/100/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (the Construction Products Directive (CPD), as later amended, there being stated that the construction products

STRUCTURAL CONCRETE PRODUCTS

Pre-stressed concrete products - Floor slats for livestock and Retaining wall elements

produced in the factory and placed on the market by

VAN HERSCHÉ B.V.  
Industrielaan 2  
8740 PITTEN

is submitted by the manufacturer to the initial type testing of the factory production control and to the further testing in accordance with the factory production control plan and that the notified body PROBETON (notification number 1702) has performed the initial inspection of the factory and of the factory production control system and has issued a certificate of approval of the factory production control. The factory production control does not include the factory production control of the products

The certificate attests that all provisions concerning the attestation of factory production control, described in Annex ZA of the standards

EN 12737 and EN 15258

including value assignment (where applicable) were applied. The product fulfills the requirements for the certificate and the method of declaration of the harmonized properties stated by the manufacturer as being applied and mentioned on the other side.

A certificate with the above identification number was first issued on 20.04.1991. This certificate was issued on 20.04.1991. Its extension period remains valid as long as it is not withdrawn by PROBETON or as long as the factory production control remains in the factory or the manufacturing conditions in the factory or the FPC factory are not modified significantly or in 2012. The up-to-date list of the factory production control certificates for concrete products is to be found on the website [www.probeton.nl](http://www.probeton.nl).
